General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://journalajb2t.com/index.php/AJB2T/editorial-policy>)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> An article dealing with a literary overview of the given issue. I see the main shortcoming in the repetition of information. I recommend authors to add literary sources from 2020-2023. Instead of defining auxins, etc. the authors could add the most up-to-date results and research methods from the given issue. Yes, but please add to the title "an overview". Please add to abstract sentence about "literature overview". Some subheadings are not necessary in text If authors will add newest literature sources (2020-2023), yes. Some of references are not mentioned in text. <p>Additional suggestions: see in file of articles. I added some comments right in text</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	1. YES	
<p>Optional/General comments</p>	See in file
