

**Editor's Comment:**

I have seen the information regarding article JERR 99630, "TRAFFIC PERFORMANCE MEASURES ON TWO-WAY TWO-LANE RURAL HIGHWAYS". I believe that the authors have satisfactorily answered the remarks made by the referees. However, it would be good if the authors changed the referencing system to the one used by the JERR journal, with square brackets, and resubmitted. This is a minor thing, but I can better appreciate the article.
