PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	The idea behind the manuscript is very good, and the collected data is valuable for the local farming community at large. However, the main issue with the manuscript is that, the data presentation and discussion missed several major points as detailed out in the manuscript itself. Upon improvement, your team will have a highly referable manuscript in the future. Thanks.
