PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Dear authors,</p> <p>Your manuscript, "Profile of Fibroadenoma Mammae Patients at MRCCC Siloam Semanggi Hospital 2019-2020", presents descriptive results of the fibroadenoma mammae casuistics in patients diagnosed between 2019-2020.</p> <p>I believe this manuscript is relevant to their field. Then the title suits its content. Nevertheless, I would like to comment on some concerns:</p> <ol style="list-style-type: none"> 1. I suggest adding more topics as possible. Methods need to be extensively reproducible. 2. IRB information and inclusion/exclusion criteria about participants need to be provided. 3. Did you follow some previously published guidelines for identifying Fibroadenoma Mammae cases? Please, cite them. 4. For discussion, you could include some perspectives for treating, preventing, or screening this disease. 5. About your sample size, I suggest adding a sample power statement. How representative is your sample? 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>I suggest checking the English grammar and flow of the text.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p>(If yes, Kindly please write down the ethical issues here in details)</p>
