

Review Form 1.7

| | |
|--------------------------|--|
| Journal Name: | International Journal of Plant & Soil Science |
| Manuscript Number: | Ms_IJPSS_100302 |
| Title of the Manuscript: | Effect of plant growth substances and bio-enhancer on the enhancement of bulblet growth under the in-vivo condition of Liliium spp. |
| Type of the Article | |

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

(<https://www.journalijpss.com/index.php/IJPSS/editorial-policy>)

PART 1: Review Comments

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| <p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p> | <p>1. The manuscript is very important as a product in the market. Countries like the Netherlands that export and import flowers in quantity such as the lily. I agree with the substitution of plant substances for the production of bulbs by organic growth substances that would imply the production of ecological lilies.</p> <p>The title is appropriate.</p> <p>The summary is very extensive, remove the textual citations of authors. These are already in the introduction.</p> <p>Is the structure adequate?</p> <p>It is correct, the effect of plant growth substances and bioenhancers in improving the growth of lily bulbs is measured.</p> <p>It is enough.</p> <p>The most outstanding finding is the substitution of plant growth substances +bioenhancers+paclobutazole for organic growth substances +bioenhancers+cow urea for the production of organic lilies for the Market that has a healthier impact and less deterioration of the environment.</p> | |
| <p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p> | <p>1. It is suitable</p> | |
| <p>Optional/General comments</p> | | |

PART 2:

| | Reviewer's comment | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <p>Are there ethical issues in this manuscript?</p> | <p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p> | |
