(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	<p>the manuscript important for scientific community : yes is so important Our focus in this paper is on the lessons for India from this conflict so that it can take some future steps to become "Atmanirbhar" in the real sense. We take an evidence-based approach to describe the important implications of the said conflict concerning and impacting various aspects like the economy, trade, bilateral relations, and manufacturing capabilities. The present research (study) only provides a viewpoint; more sector-specific research with an empirical approach is recommended to explore the segments in the manufacturing sector (in the Indian context), that have good potential to make India 'Atmanirbhar'.</p> <p>Yes the title of the article is so suitable Yes the abstract of the article is so comprehensive Yes the manuscript respect the norm of scientifically</p> <p>the references are sufficient and recent just need to be actually</p>	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	Yes the quality of English is suitable for scholarly	
Optional/General comments
