My editorial decision is to publish as is. I suggest revised title: "The Economic Potential of Agriculture and Allied Sectors in Bulu Cina Village of Hamparan Perak District in Indonesia"

The article is an impressive short research article. The article is well-written, and most interesting. In the Bible Numbers 13:1-3, Moses sends out 12 men to scout the land of Canaan. "And the Lord spoke unto Moses, saying: Send thou men, that they may spy out the land of Canaan, which I give unto the children of Israel; of every tribe of their fathers shall ye send a man, every one a prince among them. And Moses sent them from the wilderness of Paran according to the commandment of the Lord; all of them men who were heads of the children of Israel." The Talmud Sotah 34 etc relates the legends of the enormity of the economic potential of the land God is giving the Jewish people as a heritage. Surely God gives high economic potential similarly to Bulu Cina Village of Hamparan Perak District in Indonesia.

ABSTRACT. Good.
