<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Language needs to be improved. The sentence structure is not appropriate. There are some serious errors, The Author did not follow the coherence in writing, and the flow of the write-up is not smooth, the sentences are too long and do not follow the academic writing.</p>	
<p>Optional/General comments</p>	<p>Overall, the work is interesting, the author has tried to pinpoint the barriers to women contesting for political positions in Tanzania. The Author structures the study in well well-mannered, However, there are some need to be improved. The literature review needs to be updated with recent studies, the methodology is vague, and the study recommendations are too generic, these should be specific based on the findings of the study.</p>
