(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes, it is important for ICT and women farmers</p> <p>No, extension agents and women farmers are NOT described in the Methodology. There is NO effective dissemination so remove EFFECTIVE.</p> <p>No, first four long sentences are not essential. Begin with the objective. No, Methodology missed information on the selection criteria for extension agents and women farmers. Include who, when and how many of them answered the survey questionnaire, who, when and how many of them were interviewed. Who, when, where & how was the observation? Population of the study stated five subdivisions, but the table presented six subdivisions. How many from each communities were participants of the survey, interview and observation? Yes, if the above comments are satisfied.</p> <p>Of the 11 references listed, ONLY two are cited within text. Of the 13 sources cited within text, only TWO are referenced. Add more to establish foundation of your study.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	NO. Needs revision	
<p>Optional/General comments</p>	have consistency on the number of researchers: researcher (page 5) or researchers (page 6)? the interview excerpt on the role of education is not essential since the title is role of ICT in effective dissemination? Is there effective dissemination in the first place?
