Literature review is unnecessary. Also methodology includes theoretical perspectives unnecessary to scientists.</p> <p>Yes. It is scientifically correct, according to me</p> <p>No problem with references.</p> <p>Author should consider appending all tables to save space.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	No problem with language, though some rewording has been suggested.	
<p>Optional/General comments</p>	Have been included in the text.
