Minor REVISION comments		
1. Is language/English quality of the article suitable for scholarly communications?	Yes.	
Optional/General comments	The article is not focused on specific type of fruit. Actually, it focussed on preservation and packaging. However, some case studies of one or two fruit types are needed to get important information. There are easily transportable fruits and only locally used fruits. The review should categorize fruit types so that the reader can gain new knowledge on the preservation and packaging for profit and value addition. Therefore, additional text is needed for (1) categories of fruit and (2) Value addition to fruit crops
