

Review Form 1.6

Journal Name:	Annual Research & Review in Biology
Manuscript Number:	Ms_ARRB_92118
Title of the Manuscript:	EFFECT OF PRIMARY, SECONDARY AND MICRO NUTRIENTS ON MAIZE YIELD IN THE WENCHI MUNICIPALITY
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments	<p>Format: it is in a bad state, there is a literature review, research questions, specific objectives, statement, and justification. All these should be summarised in the introduction</p> <p>Abstract: is not clear whether the objectives were achieved</p> <p>Introduction: must focus and be detailed on the purposes of the research, summarizing literature and some results.</p> <p>Experimental: need to put clear procedures on how the study was carried out not repeat of literature review</p> <p>Results: The researcher is including procedures instead of presenting results obtained from observations</p> <p>Discussion of results: It is more of a discussion of literature rather than results obtained</p> <p>See other comments on the manuscript</p>	
Minor REVISION comments	Grammatical errors	
Optional/General comments	The manuscript structure should exclude, literature review, research questions, specific objections, and justifications and focus on what is important	

PART 2:
