

Review Form 1.7

Journal Name:	Asian Journal of Orthopaedic Research
Manuscript Number:	Ms_AJORR_108713
Title of the Manuscript:	Shoulder Surgery Unveiled: A Comparative Analysis of Arthroscopic and Open Rotator Cuff Repair in Patients with Rotator Cuff Tears
Type of the Article	Review Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>The title of the manuscript is contradictory to the content of the manuscript. The title suggests a discussion on rotator cuff tears but the manuscript is about Anterior Shoulder instability. These two are completely different topics.</p> <p>The author has not given details of the methods used to review the literature. This manuscript does not look like a well structured review article.</p> <p>The abstract is not written in proper language</p> <p>These days review articles are more structured and involve scientific methodology and are in the form of either systematic reviews or Meta-analysis. Writing a few paragraphs after reviewing a few</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Ok	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
