

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_107966
Title of the Manuscript:	A Study on Effects of Climate Change on the Water, Sanitation, and Hygiene (WASH) Sector in Barguna Sadar Upazila
Type of the Article	

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> WASH is an issue that is being handled by several worldwide sectors and is affected by both dependent and independent factors. Climate change is one element that affects WASH; consequently, after addressing various flaws, this manuscript will be vital for the scientific community. Please provide an in-depth description of the significant effects of climate change on the WASH sector (water shortages, water quality, infrastructure damage, increased risk of waterborne infections, and so on). No A STUDY ON HOW CLIMATE CHANGE AFFECTS THE WATER, SANITATION, AND HYGIENE (WASH) SECTORS IN BARGUNA SADAR UPAZILA. No <ul style="list-style-type: none"> Please re-write shortly the abstract based on the ground problems, the gap, the objective of the research, the method that was used, and the findings.... Add keywords. No. <ul style="list-style-type: none"> Attempt to revise all of the manuscript's sections, subsections, and structure in accordance with the journal template. Overall revision will be required to make a scientific paper. <ul style="list-style-type: none"> In the introduction section, for example, write about the study's novelty, similar problems from around the world, and the approach used to address these stated problems, with evidence and citations. Remove the problem description, objective, and research questions and rework the introduction with a comparison of other study area causes. Modify all figures and provide detailed explanations for each. Compare your study's findings to those of others and examine similarities and differences. Please use the most recent article rather than the older ones. <ul style="list-style-type: none"> Optional (it will be preferable if you do the following). <ol style="list-style-type: none"> Introduction Materials and methods <ol style="list-style-type: none"> 2.1. Description of study area 2.2. 2.3. Results and discussion <ol style="list-style-type: none"> 3.1..... 3.2.... 3.3... . . Conclusion and Recommendation References 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	NA	
<p>Optional/General comments</p>
