

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_109065
Title of the Manuscript:	Physico-chemical characterization of biochar from different biomass materials
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)	<ul style="list-style-type: none"> • Yes, the manuscript important for scientific community • Generally, this study has identified a very important scientific and environmentally sensitive issue and did a good job for Physico-chemical characterization of biochar from different biomass materials. • There must be a map of the study area in the research with the study sites noted. 	
2. Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
3. Is the abstract of the article comprehensive?	Yes	
4. Are subsections and structure of the manuscript appropriate?	Yes	
5. Do you think the manuscript is scientifically correct?	Yes	
6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	Yes, the references are sufficient and recent. <ul style="list-style-type: none"> • References are very organized and specific for this work, but require update up to 2023. 	
Minor REVISION comments		
1. Is language/English quality of the article suitable for scholarly communications?	Yes	
Optional/General comments	The manuscript abstract should be rewritten concisely, omitting the words objective; study design, methodology, results, and the research abstract should bear all of these concepts.	

Review Form 1.7
