

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_106302
Title of the Manuscript:	The Role of Agroforestry in Soil Conservation and Sustainable Crop Production: A Comprehensive Review
Type of the Article	Review Article

PART 1: Review Comments

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, corrects the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> 1. Yes. However, it needs revision. 2. Yes. 3. Yes. 4. Subsections are not appropriate. The whole manuscript requires restructure. 5. The manuscript only reproduces the works of other researchers since this is a review article. Scientifically the manuscript is correct but more relevant information on the subject with substantial data is required to improve the quality of the review article. 6. A few more references may be added. 7. The manuscript does not maintain the Journal's standard norms of presenting references in the text. Citation of various authors' work in text and references should match and be presented in numbers such as (1), (2), etc.. 8. A small table for each of the four case studies presented in the article may be given. 9. Relevant data from the previous studies may be presented either in tabular form or in text under the subsections like 'Influence of Agroforestry on Soil Properties and Microbial Diversity' and 'Agroforestry and Nutrient Cycling: Enhancing Soil Fertility'. 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Yes.</p>	
<p>Optional/General comments</p>	<p>The manuscript requires revision before its publication in the Journal.</p>
