	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</p> <p>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</p> <p>3. <b>Is the abstract of the article comprehensive?</b></p> <p>4. <b>Are subsections and structure of the manuscript appropriate?</b></p> <p>5. <b>Do you think the manuscript is scientifically correct?</b></p> <p>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></p> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p><b>Recommendations for Improvement:</b></p> <ul style="list-style-type: none"> <li>In the literature review, consider adding more recent studies to ensure the review captures the latest trends and findings in the field.</li> <li>In the methodology section, provide more details on the data collection process, including any challenges faced and how they were addressed.</li> <li>In the findings section, consider including visual aids such as graphs or charts to complement the tables and enhance the presentation of results.</li> <li>Address the repetition in the policy recommendations section and provide more specific guidance on areas of the Tanzanian monetary policy that need strengthening.</li> <li>Consider discussing the potential risks associated with digital currencies in more detail, including cybersecurity threats and regulatory challenges.</li> </ul> <p><b>Overall Impression:</b></p> <p>The paper is well-researched and provides valuable insights into the effects of digital currency on monetary policy in Tanzania. The methodology is robust, and the findings are presented clearly. With some minor revisions and updates, this paper can serve as a valuable resource for policymakers, researchers, and other stakeholders interested in the intersection of digital currencies and monetary policy in Tanzania and beyond.</p>	
<p><b>Minor</b> REVISION comments</p> <p>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></p>		
<p><b>Optional/General</b> comments</p>	<p>Rationale: The manuscript is well-structured, with a clear focus on the effects of digital currency on monetary policy in Tanzania. The literature review is comprehensive, the methodology is robust, and the findings are presented clearly. However, there are areas that require revision, such as updating the literature review with more recent studies, providing more details on the data collection process, and addressing repetition in the recommendations section. With these revisions, the paper has the potential to be a valuable contribution to the field.</p>	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
