

## Review Form 1.7

Journal Name:	<b>International Journal of Plant &amp; Soil Science</b>
Manuscript Number:	<b>Ms_IJPSS_108540</b>
Title of the Manuscript:	<b>Effect of plant growth regulators and bio-fertilizer on yield ,yield attribute and Economics of fenugreek (Trigonella foenum-graecum L.)</b>
Type of the Article	

### **PART 1: Review Comments**

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <ol style="list-style-type: none"> <li>1. <b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</li> <li>2. <b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</li> <li>3. <b>Is the abstract of the article comprehensive?</b></li> <li>4. <b>Are subsections and structure of the manuscript appropriate?</b></li> <li>5. <b>Do you think the manuscript is scientifically correct?</b></li> <li>6. <b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></li> </ol> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<ol style="list-style-type: none"> <li>1. The research topic is of great importance, given that knowledge of the effect of soil microorganisms with proven ability to promote the growth and productivity of plants is a topic that promises practical applications, in addition to being considered an important alternative. for the development of organic and sustainable agriculture in the region.</li> <li>2. The title could improve its writing. You should avoid repeating the same word in the same sentence. (Suggested title: "Effect of plant growth regulators and biofertilizer on the yield of fenugreek (Trigonella foenum-graecum L.)."</li> <li>3. The summary is understandable.</li> <li>4. The structure of the work is correct.</li> <li>5. The manuscript is scientifically correct.</li> <li>6. Bibliographic references are adequate.</li> <li>7. Do not use as keywords those that are already present in the title.</li> <li>8. In the Material and Method section, the meaning of the acronyms of the biofertilizers and growth regulators used must be clarified and specified. In addition to their composition and characteristics.</li> </ol>	
<p><b>Minor</b> REVISION comments</p> <ol style="list-style-type: none"> <li>1. <b>Is language/English quality of the article suitable for scholarly communications?</b></li> </ol>	The language used is appropriate and technically correct.	
<p><b>Optional/General</b> comments</p>	The scientific names of the species should be written in italics.
