

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_109431
Title of the Manuscript:	Experimental studies of Genetic Divergence in Coriander (<i>Coriandrum sativum</i> L.)
Type of the Article	Journal Article (experimental design)

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. Yes. This study is important for the scientific community.</p> <p>2. Experimental Studies of Genetic Divergence in Coriander (<i>Coriandrum sativum</i> L.) is a good title but something like this is also SMART "Exploring Genetic Divergence in Coriander (<i>Coriandrum sativum</i> L.) through Experimental Investigations"</p> <p>3. Yes, comprehensive abstract. However, 1st line and 3rd lines are repeated. Suggested removing the latter.</p> <p>4. Yes, well-structured subsections.</p> <p>5. Yes, it has evidence of scientific correctness. For instance, the genotypes clustering to 11 traits.</p> <p>6. The paper has 20 references been made. They are a mix of new and old references. More current references (if available) would be even better.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Language can be improved. Local terms may be difficult for international readers. 3 terms needed to be translated in English language. Done for, if the author wishes to incorporate it.</p>	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
