PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. Yes it is important for scientific community as it has analysed the research objectives and questions through the results and discussions.</p> <p>2. The title is suitable though a minor correction is required on the part of the word "STATE".</p> <p>3. Yes the article is comprehensive though the part of area for future research is missing to show the gap in the study and limitation while conducting the study.</p> <p>4. Yes the subsections and manuscript are appropriate.</p> <p>5. Based on the analysis the manuscript is scientifically correct.</p> <p>7. The references are sufficient though the author needed to have looked at recent studies from the year 2021 since the business environment is dynamic and what was there earlier is no longer applicable in this digital age.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>1. English quality is suitable for scholarly communications.</p>	
<p>Optional/General comments</p>
