<p>1. . A more detailed explanation of the definition and scope regarding forest reserves and host communities. Also asked to provide an explanation of the reason this topic needs to be researched in that location.</p>	<p>Onigambari Forest Reserve was a hub of economic activities at the inception as many labour workers were trooping into the host communities to engage in taungya farming. The situation of things in the host communities of the forest reserve need to be researched, so as to know the prevailing economic activities carried on within and around the reserve. This helps to serves as mean of gainful employment to people who had lost their means of livelihood due to the effect of fuel subsidy removal in Nigeria, by recommending their relocation to the communities around the forest for survival.</p>
