Was only urea applied to the crops? Please mention when and the amount of irrigation applied. Figure 2 and 3 are not clear. They look the same. Nowhere the cropping practices and nutrient management approaches are mentioned on the graphs. Figure 3 does not have the data on the axis. Same in case of Figure 6 and 7. Figure 5 is not present here. It will be better if yield table is presented instead of figure. The manuscript is too lengthy. Please shorten the discussion part as few lines seem to be repetitive.
