

Editor's Comment:

The paper is accepted with major revision.

Title may be modified by adding the word "morbidity" instead of "conditions" to be "Gynecological Morbidities' Prevalence in Bangladesh: Analyzing Regional Variations, Socio-demographic Factors, and Environmental Contributions".

Verbs of aim of work, methods and results must be written in the past, not in the present.

Section of RESULTS appears in one paragraph. Please, divide it into more than one paragraph according to the different issues mentioned. Also, increase its text and refer to tables at the end of the corresponding paragraph.

Section of DISCUSSION also appears in one paragraph. Please, divide it into more than one paragraph according to the different issues mentioned.

All references in list of REFERENCES should be written once again. Each reference must include in addition to the journal name, the volume and number of pages. If there is shortage in data. Please, add the website link.
