

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_108562
Title of the Manuscript:	Ecological and Economic security through Organic Vegetable Cultivation in the Raised Bed Model: A case study of Akshayakalpa organics in Tiptur, India
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>In view of organic farming gaining importance this manuscript is important. However, paper should be written in a scientific manner with proper research techniques.</p> <p>Yes</p> <p>The abstract should be condensed to reflect the summary of research undertaken, salient findings. However, the abstract is too lengthy and is not essential.</p> <p>The paper needs revision with proper headings as per the objective of the study. The manuscript lacks the required research techniques to make it a research paper. The references are old and recent references should be mentioned.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Suitable	
<p>Optional/General comments</p>	The paper needs thorough revision. The abstract should be condensed to one paragraph. Material and methods should contain detailed information about research methodology. The parameters of study as per the objectives should be discussed under separate head.
