	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> Is the manuscript important for scientific community? (Please write few sentences on this manuscript) Is the title of the article suitable? (If not please suggest an alternative title) Is the abstract of the article comprehensive? Are subsections and structure of the manuscript appropriate? Do you think the manuscript is scientifically correct? Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The manuscript is important and suitable as it describes the food borne pathogens which are indeed a global concern. However, it needs a lot of improvement.</p> <p>The title is suitable</p> <p>The abstract of the manuscript is comprehensive, although it can be improved.</p> <p>The subsections are correct although I feel the way it would be better if the results were discussed alone without the discussion because they are a lot that is not clear</p> <p>The manuscript is scientifically correct although there are a lot of discrepancies. The methods used are not clear. The sample size is not enough to draw such conclusions</p> <p>The references are enough</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> Is language/English quality of the article suitable for scholarly communications? 	<p>The language need to be improved.</p>	
<p>Optional/General comments</p>
