(If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. (Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)	Yes, it is important. Since potato is one of the food security crop, finding a solution for the most important problem (lack of quality seed) is critical and hence, this paper had a good input for solving this problem. Of course, with a few modification. Definitely Yes, it is appropriate Yes, but with major modification of the methodology and result section Yes, they were sufficient and recent The author should strictly check his result table which has a lot of mistakes in putting the mean separation letters.	
Minor REVISION comments 1. Is language/English quality of the article suitable for scholarly communications?	It needs some improvements	
Optional/General comments
