If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p> | <p>This is a fantastic paper and a very important contribution to our understanding of Mushroom cultivation with organic wastes.</p> <p>Use of lemongrass (<i>Cymbopogon citratus</i>) waste mixtures as substrates for the cultivation of oyster mushrooms; modern perspective and trends</p> <p>The abstract needs to be modified with the suggested points to meet up with the standard. (See Abstract for the necessary corrections).</p> <p>The subsections and the structure are well organized, but some has to be modified with suggested points. The Result should be presented firstly be before the Discuss. The manuscript is scientifically correct.</p> <p>Most of the reference is out of date. In addition to, most work did not appear in the reference. Okigbo <i>et. al</i>,(2020) Abdul, R. N. and Aneeqa, G. (2021). Besufekad <i>et.al</i>, (2020).</p> <p>Some of the tables should be represented with graphs for easy understanding.</p> | |
| <p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p> | <p>I suggest that this work should be proofread, and the necessary "punctuation marks" be effected. Most of the texts are pied-together, so shift key should be used to separate accordingly for easy meaningful reading.</p> | |
| <p>Optional/General comments</p> | <p>Read more literature and brief up your introduction and discussion.</p> | |
