

**Editor's Comment:**

Manuscript title: Elevating Organizational Competitiveness: Deconstruction of Information System Management Models and Concepts using Machine Learning .

In general, essentially, the reviewers' comments were taken into account to the extent that the author considered it possible to do so. The title of the article is suitable. The abstract of the article is comprehensive. Subsections and structure of the manuscript appropriate. I think the manuscript is scientifically correct.

My editorial decision (at stage 3: Final evaluation by Editor/Associate editor/Chief editor): this manuscript can be published in the Journal of Scientific Research and Reports.
