

**Editor's Comment:**

I have gone through the paper and the reviewers' comments. I believe it has potentials for publication, however, a minor inclusion is needed from the authors. The authors need to add a small detail of how the data were analyzed at the end of the methodology section. Currently, it doesn't have any details.

**Editor's Details:**

Dr. Shaharior Rahman Razu  
Associate Professor, Khulna University, Bangladesh.
