

Review Form 1.7

Journal Name:	Asian Journal of Fisheries and Aquatic Research
Manuscript Number:	Ms_AJFAR_108056
Title of the Manuscript:	Socio-economic and Livelihood Conditions of Dry Fishers and Wholesalers: A Case Study from Coastal Dry Fishing Communities of Bangladesh
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes, it explains the socio-economic and livelihood conditions of dry fishers and wholesales and establishes the correlations between age, experience and income.</p> <p>It is suitable because it reflects the contents of the article.</p> <p>Yes, but it needs editing, it contains some irrelevant information.</p> <p>Yes, but they are scanty and do not give the readers the expected correlations.</p> <p>Average, more of presentations of socio-economic and livelihood condition than how they are correlated to socio-demographic determinants.</p> <p>Not quite</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>No, it needs editing.</p>	
<p>Optional/General comments</p>	<p>The author should concentrate on how socio-demographic determinants influence fishers' and wholesalers' livelihood than just presenting them which render his article weak. Author should also provide the level of estimation of the correlation results and scatterplot diagrams for the visualisation of the data and to show how variables vary from one another.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
