Is the manuscript important for scientific community? However, the manuscript is quite important for the academic community, as it contains relevant information regarding the topic addressed.</p> <p>2. Is the title of the article suitable? Não, I suggest: POLLUTION REDUCTION DUE TO YEARS OF EFFECTS OF THE COVID-19 PANDEMIC</p> <p>3. Is the abstract of the article comprehensive? No, the summary needs to be rewritten, because it has been filled with several meaningless predaços.</p> <p>4. Are subsections and structure of the manuscript appropriate? In part, however, there is a need to increase a topic about the climate of the study region, because it was not addressed in the text.</p> <p>5. Do you think the manuscript is scientifically correct? On the other hand, it is more necessary to see what the world health organization says about respecting two levels of emissions of atmospheric pollutants.</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. Sim, as reference são bem abrangentes and atuais no global cenário.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p> <p>Overall, the article is well defined and in my opinion it will not be a good source of research on the issue of REDUCING poverty and the influence of COVID-19.</p>	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<p>Yes, the quality is good</p>
