

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_106626
Title of the Manuscript:	Effect of botanical extracts and essential oils on <i>Alternaria brassicae</i> of mustard (<i>Brassica juncea</i> L.)
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1. Based on the content of this manuscript, it is important for the scientific community as it presents original research on the effect of botanical extracts and essential oils on <i>Alternaria brassicae</i>, which is a common disease in mustard crops. The findings of this study could potentially contribute to the development of more effective and sustainable methods for controlling the disease.</p> <p>2. The title of the article is suitable as it clearly and accurately reflects the content and focus of the study.</p> <p>3. The abstract is comprehensive and effectively summarizes the main points of the study, including the objectives, methods, and results.</p> <p>4. The subsections and structure of the manuscript are appropriate and follow a logical flow of information.</p> <p>5. Overall, the manuscript appears to be scientifically correct. However, it is always important to carefully review and validate the data and findings presented.</p> <p>6. The references appear to be sufficient and recent. However, if there are any additional relevant references that could enhance the study, they could be suggested in the review form.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Some thing(few)	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
