

Review Form 1.7

Journal Name:	Asian Journal of Agricultural and Horticultural Research
Manuscript Number:	Ms_AJHR_106818
Title of the Manuscript:	Enhancing Broccoli (<i>Brassica oleracea</i> var. <i>italica</i>) Growth, Yield and Water Productivity through Irrigation and Mulching Techniques in Local Climate
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes</p> <p>Yes</p> <p>Require to add comparison of results between irrigation types plus mulch</p> <p>Yes, except for the results, the part of climate has no sense unless to be hooked more within the context; i.e., either to relate climate parameters in a manner to affect the results; or to consider that climate parameter affects all treatments and all the trial is under similar condition; the climate part is not of relevance.</p> <p>Yes</p> <p>Looks ok</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>yes</p>	
<p>Optional/General comments</p>	<p>Require to re-work on the parts: Abstract (add comparable results between mulches/irrigation) Results No sense to add the climate conditions unless it shows link to the main objectives of mulching/irrigation</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
