

## Review Form 1.7

|                          |  |
|--------------------------|--|
| Journal Name:            | <a href="#">Asian Journal of Research in Nursing and Health</a>  |
| Manuscript Number:       | Ms_ AJRNH_105909   |
| Title of the Manuscript: | Integration strategy to control and prevent Diarrheal disease among children in the community: A systematic Review |
| Type of the Article      |  |

### PART 1: Review Comments

|  | Reviewer's comment  | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|---|---|
| <p><b>Compulsory</b> REVISION comments</p> <p>1. Is the manuscript important for scientific community?<br/>(Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable?<br/>(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p> | <p>1- Yes, this systematic review article has some importance to public health community as it tries to summarize the effectiveness of various preventive approaches against diarrheal diseases</p> <p>2- Yes, the title looks suitable but I suggest changing "diarrheal disease" into the plural term "diarrheal diseases" because diarrhoea as a symptom has many aetiologies.</p> <p>3- Yes, the abstract is comprehensive but I think it should be shorter and more concise.</p> <p>4- No, I don't think this article is structured appropriately. It has many sections.</p> <p>5- Yes, I believe this article is scientifically correct but authors should mention some statistical details like p-value when reviewing previous research articles.</p> <p>6- Yes, the used references are recent but many paragraphs and sentences were left without citation.</p> <p>7- Authors are advised to add "systematic review" and "prevention" into keywords.</p> <p>8- Authors are advised to make manuscript shorter and more concise.</p> |   |
| <p><b>Minor</b> REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>  | Writing quality should be improved and attention should be made to mistakes in spelling and punctuations.   |   |
| <p><b>Optional/General</b> comments</p>  |   |   |

### PART 2:

|  | Reviewer's comment   | Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here) |
|--|--|---|
| Are there ethical issues in this manuscript? | <i>(If yes, Kindly please write down the ethical issues here in details)</i> |   |
