Is the title of the article suitable?-yes (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?- can be better</p> <p>4. Are subsections and structure of the manuscript appropriate?- No</p> <p>5. Do you think the manuscript is scientifically correct?- NO</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.- NO</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>This manuscript is important for readers as it brings the most burning discussion on table for educational platforms. AI is a big help as well as threat to academia, how ethics may imply here & what precautions may work well in certain ways have been discussed in depth here.</p> <ul style="list-style-type: none"> • Authors must refer to most recent strong & concrete research articles for the topic. • Justification to novelty is missing. • problem statements is not justified well as it lacks in comparison with anything published before. • Comparative analysis needs more data. authors must compare their analysed approaches, the methods, results with existing similar research to showcase how their proposed methods/results/approach are better. • Authors must add limitations of the analysed work. • Authors must add possible future work based on these limitations. • Authors must add many more citations to showcase novelty of the analysed methods. • Authors must discuss the implications of AI with evidence. Multiple times assertions have been made without evidence. • Authors must do thorough analysis on different versions of education systems. 	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications? -YES</p>		
<p>Optional/General comments</p>
