(If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>Yes</p> <p>Yes. The content justifies the Title. But it should be written in a compact way. "Development of cookies using unripe plantain flour (R. markham) and Moringa oleifera leaf powder & its analysis.</p> <p>The abstract is compact and well written.</p> <p>Aims and Objective of the paper is missing. Rest of the subsections are proper.</p> <p>Graphical representation should be clear but statistics are fine and significant.</p> <p>References are fine but there is some issues with formatting. It should be in APA format.</p> <p>Overall the content is correct and well written only some minor changes need to be done.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Language framing is very simple. Little bit scientific terminologies may be used.</p>	
<p>Optional/General comments</p>	<p>May be some modification needed to make it more powerful scientific content.</p>
