

Review Form 1.7

Journal Name:	Asian Journal of Research in Dermatological Science
Manuscript Number:	Ms_AJRDES_107385
Title of the Manuscript:	The Dermoscopic Patterns in Patients with Acanthosis Nigricans and its Relation to Duration and Control of Diabetes Mellitus
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for the scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestions for additional references, please mention them in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1- Yes, it is important regarding Acanthosis nigricans which is associated with numerous systemic disorders. Additionally, few studies were achieved concerning it might need to be highlighted in more investigations.</p> <p>2- Yes, little modification (The Dermoscopic Patterns in Patients with Acanthosis Nigricans and its Potential Relation to Duration and Management of Diabetes Mellitus).</p> <p>3- Yes</p> <p>4- Yes, it is appropriate</p> <p>5- I think so. Please, fix the hospitals and the date of research.</p> <p>6- I suggested adding some recent articles like the citations (22 and 23) that were fixed in the text of the manuscript. Regarding new approaches such as nanoparticles and nanomedicine applications.</p> <p>22- Shnawa BH , Al-Ali S J , Swar SO. (2021): Nanoparticles as a new approach for treating hydatid cyst disease. Veterinary Pathobiology and Public Health, Unique Scientific Publisublishers, Faisalabad. https://doi.org/10.47278/book.vpph/2021.015.</p> <p>23- Motegi SI, Ishikawa M, Sekiguchi A, Ishikawa. (2019): Nanoparticle Albumin-Bound Paclitaxel- and/or Gemcitabine-Induced Scleroderma Accompanied by Acanthosis Nigricans-Like Skin Changes. Case Rep Dermatol. 2;11(3):273-277. doi: 10.1159/000503271.</p> <p>Please add these citations and try to find two other articles to enrich and improve the discussion.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>It is okay, all green highlighted words were corrected also. The red needs to be checked or removed.</p>	
<p>Optional/General comments</p>		

Review Form 1.7

PART 2:

	Reviewer's comment	Author's comment <i>(if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)</i>
Are there ethical issues in this manuscript?	<i>(If yes, Kindly please write down the ethical issues here in details)</i>
