

Review Form 1.7

Journal Name:	Asian Journal of Research in Crop Science
Manuscript Number:	Ms_AJRCS_104018
Title of the Manuscript:	The Impact of Varied Levels and Application Methods of Boric Acid on the Performance and Protein Content of common bean (<i>Phaseolus vulgaris</i> L.)
Type of the Article	Original Research Article

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. The article is an original research work on <i>The Impact of Varied Levels and Application Methods of Boric Acid on the Performance and Protein Content of common bean (Phaseolus vulgaris L.)</i>. It contributes to an important aspect of soil and agricultural sciences. Overall, it is a very good article and may be accepted after the suggested changes have been implemented.</p> <p>2. The title of the article is suitable.</p> <p>3. The abstract of the article is should be re-written. The abstract should be a single paragraph covering the study background, aim of the research, methodology, main results and conclusions.</p> <p>4. The subsections of the manuscript are appropriate.</p> <p>5. The manuscript is scientifically correct.</p> <p>6. The references are sufficient and recent.</p> <p><u>Additional comments:</u></p> <p>i. The keywords should be written in alphabetical order separated by semicolons.</p> <p>ii. The author(s) should include a few photographs of the actual plants, soil samples, etc. for better understanding of the research.</p> <p>iii. The author(s) should include some data on the prevailing weather conditions like precipitation, humidity, etc. for better gauging of the research.</p> <p>iv. The author(s) should add sections pertaining to recommendations and future scope of the study after the conclusions section, describing in brief how this current research can help in future agricultural research and related policies.</p> <p>v. There are minor formatting issues at some places that need to be looked at by the author(s) and rectified.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	Yes, the language/English quality of the article suitable for scholarly communications.	
<p>Optional/General comments</p>		

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><u>(If yes, Kindly please write down the ethical issues here in details)</u></p>
