

Editor's Comment:

I've gone through the Peer Review Report of the manuscript entitled "Pushkarmoola (Inula racemosa Hook. F.): A Healing Legacy Unveiled - Exploring its Potent Anti-Pyretic and Medicinal Significance" provided by 3 reviewers. I've also checked the authors response to the Reviewers comments as well as the revised manuscript. The authors have modified the manuscript as suggested by the Reviewers.

The manuscript may now be accepted for publication.
