

Review Form 1.7

Journal Name:	European Journal of Medicinal Plants
Manuscript Number:	Ms_EJMP_106257
Title of the Manuscript:	HPTLC and HPLC Methods for the Estimation of Oleanolic Acid in Successive Leaf Extracts of <i>Leucas aspera</i> and <i>Tridax procumbens</i> and their In vitro Antiinflammatory Activity
Type of the Article	Original Research Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>1- Yes, because it highlights the importance of some medicinal plant extracts and their possible usage.</p> <p>2- The suggested title is (Estimation of Oleanolic Acid by HPTLC and HPLC Methods in Successive Leaf Extracts of <i>Leucas aspera</i> and <i>Tridax procumbens</i> and their In Vitro Anti-Inflammatory Activity</p> <p>3- It is okay.</p> <p>4- Yes.</p> <p>5- Yes, needs to be revised to improve its quality.</p> <p>6- It needs the addition of some recent articles and some of them are suggested, in the text of the manuscript.</p> <p>7- Add some recent articles to the discussion because several articles used in this manuscript were old, and cite these articles that related to plant extracts and their phytochemical compounds and the novel nanoparticles mediated by them in the introduction:</p> <p>Shnawa, B. H.; Al-Ali, S. J.; Swar, S. O. Nanoparticles as a new approach for treating hydatid cyst disease. 1 ed. Faisalabad, Pakistan: Veterinary Pathobiology and Public Health; Unique Scientific Publishers; 2021. 180-189.</p> <p>Shnawa BH, S Gorony, KM Khalid. Efficacy of <i>Cyperus rotundus</i> rhizomes-tubers extracts against protoscoleces of <i>Echinococcus granulosus</i>. World J Pharm Res.2017, 6:157–179.</p> <p>Ezzi, A.A.A.; Salahy, M.B.A.; Shnawa, B.H.; Abed, G.H.; Mandour, A.M. Changes in levels of antioxidant markers and status of some enzyme activities among <i>falciparum</i> malaria patients in Yemen. <i>J. Microbiol. Exp.</i> 2017, 4, 00131.</p>	
<p>Minor REVISION comments</p> <p>1. Is the language/English quality of the article suitable for scholarly communications?</p>	<p>Yes, I corrected the green highlighted word throughout the manuscript. The scientific names of the plants need to be abbreviated after the first use.</p>	
<p>Optional/General comments</p>
