

**Editor's Comment:**

The suggestions indicated earlier by me are not incorporated yet. Hence The paper is suitable for publication with the following suggestions

1. The abstract is very precise, mention all the treatments taken into consideration. Remove the location of the experiment from the abstract
- 2.. References are less, add references.

**Editor's Details:**

Dr. Kamal Kant  
Associate Professor, Aspee Shakilam Biotechnology Institute, Navsari Agricultural University, Surat,  
India.
