

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_107819
Title of the Manuscript:	Impact of industrial effluent on physico-chemical properties of soil in Unnao District of Uttar Pradesh
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Compulsory REVISION comments		
1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)	Yes, the manuscript important for scientific community Generally, this study has identified a very important scientific and vironmentally sensitive issue and did a good job for impact of industrial effluent physico-chemical properties of soil in Unnao District of Uttar Pradesh.	
2. Is the title of the article suitable? (If not please suggest an alternative title)	Yes	
3. Is the abstract of the article comprehensive?	Yes	
4. Are subsections and structure of the manuscript appropriate?	Yes	
5. Do you think the manuscript is scientifically correct?	Yes	
6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u>	Yes, references are very organized, specific for this work and updated, but the journal's instructions must be respected: The journal's instructions must be respected as: <ul style="list-style-type: none"> In the presence of references at the end of the research in terms of the names of the authors, the year of publication, the title of the research, the size and the number of pages. Both linked (https://doi.org/10.1016/S1573-5214(04)80020-4) and (doi: 10.11178 / jdsa.5.191) should be deleted from the listed at the end of the paper . Examples: Chikere CB, Omoni VT and Chikere BO (2008). Distribution of potential nosocomial pathogens in a hospital environment. Afr. J. Biotechnol. 7: 3535-3539. Moran GJ, Amii RN, Abrahamian FM, Talan DA (2005). Methicillinresistant <i>Staphylococcus aureus</i> in community-acquired skin infections. Emerg. Infect. Dis. 11: 928-930.
