

Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_107104
Title of the Manuscript:	Use of selected chemical and biological insecticides to control lepidopteran pests of maize fields in central Côte d'Ivoire
Type of the Article	

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <ol style="list-style-type: none"> 1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript) 2. Is the title of the article suitable? (If not please suggest an alternative title) 3. Is the abstract of the article comprehensive? 4. Are subsections and structure of the manuscript appropriate? 5. Do you think the manuscript is scientifically correct? 6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form. <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<ol style="list-style-type: none"> 1. The manuscript is very important for today's scientific community. 2. The title is ideal for the manuscript, it's brief and straight to the point 3. The abstract is very comprehensive, it captures almost all the relevant aspects of the study; introduction, methodology adopted, analysis and findings to that effect. 4. All subsections and structure of the manuscript are very essential and appropriate. 5. Yes, the manuscript is scientifically correct since relevant scientific methods were employed throughout the study especially the application synthetic Agro chemicals as well as the biological insecticide which showed high level of efficacy on the pests and well as its environmental friendliness. 6. Indeed, 51 references are sufficient for a manuscript of this kind and they are recent as well. 	
<p>Minor REVISION comments</p> <ol style="list-style-type: none"> 1. Is language/English quality of the article suitable for scholarly communications? 	<p>The English Language used is very good and appropriate for scholarly communication.</p> <p>However, in the introduction, eleventh line should read as "Abiotic stresses due to drought,...and not dues to drought... as highlighted for your action.</p>	
<p>Optional/General comments</p>	<p>This study is worth replicating in all West African countries and elsewhere, where maize is cultivated on small and large scale to curb the menace of these pests.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
