

## Review Form 1.7

Journal Name:	International Journal of Environment and Climate Change
Manuscript Number:	Ms_IJECC_107327
Title of the Manuscript:	Distinctive culturable microbial diversity, soil phytohormone production capacity and enzyme activities distinguishes rhizosphere of rice grown under system of rice intensification from conventional cultivation
Type of the Article	Original Research Article

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>1. Yes, it is.</p> <p>2. No, it's not. "Comparison between transplanting method and different nitrogen fertilizers on the microbiological properties of the soil rhizosphere in rice cultivation"</p> <p>3. The abstract is very long and in 3 paragraphs.</p> <p>4. Yes, they are.</p> <p>5. Yes, I think that it is</p> <p>6. Yes, they are.</p>	
<p><b>Minor</b> REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>There are small fixes. The suggestions are indicated in the body of the text.</p>	
<p><b>Optional/General</b> comments</p>	<p>The author must adapt the abstract. In the results, I believe it is not necessary to describe the treatments but rather indicate them with N1 or N<sub>1</sub>; N2 or N<sub>2</sub>, etc.</p> <p>I had a question. Did the author compare field experiments in different seasons and on different properties, but did he use the same cultivar? On-farmer trial and station trial?</p>	

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
Are there ethical issues in this manuscript?	(If yes, Kindly please write down the ethical issues here in details)
