

## Review Form 1.7

Journal Name:	European Journal of Nutrition & Food Safety
Manuscript Number:	Ms_EJNFS_107154
Title of the Manuscript:	EFFECT OF INTEGRATED NUTRIENT MANAGEMENT ON THE GROWTH AND YIELD OF SNAKE GOURD ( <i>Trichosanthes anguina</i> L.)
Type of the Article	Original Research Article

### PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Compulsory</b> REVISION comments</p> <ol style="list-style-type: none"> <li><b>Is the manuscript important for scientific community?</b> (Please write few sentences on this manuscript)</li> <li><b>Is the title of the article suitable?</b> (If not please suggest an alternative title)</li> <li><b>Is the abstract of the article comprehensive?</b></li> <li><b>Are subsections and structure of the manuscript appropriate?</b></li> <li><b>Do you think the manuscript is scientifically correct?</b></li> <li><b>Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</b></li> </ol> <p><b>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</b></p>	<p>The author worked in a field experiment in Dhaka, Bangladesh, to assess the impact of integrated nutrient management on the growth and yield of snake gourd. Manures and fertilizers were applied at the following doses are shown.</p> <p>The author found a significant influence in terms of vine length (cm) of snake gourd at all growth stages due to the application of different levels of organic and inorganic nutrients.</p> <p>Effect of different levels of organic and inorganic fertilizers on number of male flowers plant-1 of snake gourd plant are also given. Effect of different levels of organic and inorganic fertilizers on vine length (cm), number of leaves plant-1 at different growth stages, days required for first male and female flowering and days required for first fruiting of snake gourd plant are shown. References are recent and sufficient. Title is also according with manuscript. The paper can be published.</p>	
<p><b>Minor</b> REVISION comments</p> <ol style="list-style-type: none"> <li><b>Is language/English quality of the article suitable for scholarly communications?</b></li> </ol>		
<p><b>Optional/General</b> comments</p>		

### PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p><b>Are there ethical issues in this manuscript?</b></p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
