<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes, this manuscript will provide some light regarding importance of extension for improvement of crop production knowledge</p> <p>It's OK, but a hyphen should be given between Bio-priming. It should be added throughout the text.</p> <p>Yes</p> <p>Yes</p> <p>Yes</p> <p>References are sufficient</p> <p>(Please refer to comment section)</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>The sentence are poorly constructed hence the actual meaning was not understood very clearly. Hence, some improvement is needed which are mentioned in the manuscripts itself (in the comment boxes)</p>	
<p>Optional/General comments</p>	<p>Below are the few modifications that has to be made by the author/s</p> <ol style="list-style-type: none"> All the modifications that must be made are provided in the manuscripts itself in comment boxes Text in green should be included Text in red and crossed should be deleted Spelling of <i>P. fluorescens</i> should be correct throughout the MS In Materials and Methods, many things are repetited especially regarding extension work, hence should be re-written. It looks like that some paragraphs were constructed by copy and pasting sentences from different portions, hence no connection was found between the sentences. Please make appropriate corrections.
