EDITORIAL COMMENT'S on revised paper (if any)	Authors' response to editor's comments
<p>1. The Abstract needs to be written narrative, without mentioning each chapter or part of the paper.</p> <p>2. In the Conclusions part, what is the contribution of this region to the development of the Indonesian economy, or more specifically to the agri-food industry. We see the importance specifically in fishing activities, but at the whole Indonesian economy, which are the benefits?</p> <p>3. The References are totally wrong written:the authors ranking by the last name, in alphabetical order. Therefore, the first reference is Budiarto dan Ciptono, the following is Graha A. N. and, the last one is Windusacono, B. A.. After this reference will be inserted the references about UN..... and Masterplan.....</p>	<p>1. Yes 2. Yes 3. Yes</p>
