

Review Form 1.7

Journal Name:	International Journal of Pathogen Research
Manuscript Number:	Ms_IJPR_108255
Title of the Manuscript:	Gonorrhoeae Must Compete With The Naturally Inhabitant of Microbial Community Right At The Outer Mucosal Surface To Authorize Infection
Type of the Article	Review Article

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Yes, the manuscript enough important for scientific community. This article explains about Gonorrhoeae must compete with the naturally inhabitant of microbial community right at the outer mucosal surface to authorize infection. Gonococcus has several intrinsic factors that can facilitate its competitiveness including adherence, even though not all available adhesion mechanisms are actually used by this organism during the course of infection/colonization of any specific site.</p> <p>Yes, appropriate enough</p> <p>Yes, appropriate enough, re-checking is required to be better</p> <p>Yes, appropriate enough</p> <p>Yes, appropriate enough</p> <p>Yes, appropriate enough, if added even better</p> <p>Discussion need more added deeply explanation to be better</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>re-checking is required to be better</p>	
<p>Optional/General comments</p>	<p>The writing at the beginning of paragraphs, the number of sentences in 1 paragraph (minimum 3 sentences) writing capital letters, typing letters in each word was examined again</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><u>(If yes, Kindly please write down the ethical issues here in details)</u></p>
