

Review Form 1.7

Journal Name:	International Journal of Plant & Soil Science
Manuscript Number:	Ms_IJPSS_105243
Title of the Manuscript:	Effect of integrated application of bio-fertilizer and soil amendments on Growth parameters of Groundnut (Arachis hypogaea L.)
Type of the Article	

General guideline for Peer Review process:

This journal's peer review policy states that **NO** manuscript should be rejected only on the basis of '**lack of Novelty**', provided the manuscript is scientifically robust and technically sound. To know the complete guideline for Peer Review process, reviewers are requested to visit this link:

Review Form 1.7

PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p><u>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</u></p>	<p>The integrated application of bio-fertilizer and soil amendments can improve the growth parameters of groundnut. Using poultry manure, biochar-based rhizobium inoculants, and peanut shells as organic amendments and combining calcium and boron can improve soil fertility, nutrient uptake, and yield in groundnut production.</p> <p>Effect of integrated application of bio-fertilizer and soil amendments on Groundnut growth parameters (<i>Arachis hypogaea</i> L.)</p> <p>Evaluating the effectiveness of integrated bio-fertilizer and soil amendments on groundnut (<i>Arachis hypogaea</i> L.) growth parameters</p> <p>The abstract needs revision and rewriting. Refer to the attached file.</p> <p>They should be set according to the guidelines of journal authors.</p> <p>This research needs broader and more detailed studies. For printing, this manuscript needs to provide a statistical comparison of traits based on treatments and one-way and two-way analysis of variance.</p> <p>References should be adjusted according to the authors' guide.</p> <p>Much research has been done on this. What is the innovation of this research? In terms of spelling and grammar, the text needs serious and accurate revision and rewriting. The text is very poorly written and full of errors.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>It needs severe revision and correction.</p>	
<p>Optional/General comments</p>	<p>It needs correction and revision in terms of statistics and English grammar.</p>	

PART 2:

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Are there ethical issues in this manuscript?</p>	<p><i>(If yes, Kindly please write down the ethical issues here in details)</i></p>
