PART 1: Review Comments

	Reviewer's comment	Author's comment (if agreed with reviewer, correct the manuscript and highlight that part in the manuscript. It is mandatory that authors should write his/her feedback here)
<p>Compulsory REVISION comments</p> <p>1. Is the manuscript important for scientific community? (Please write few sentences on this manuscript)</p> <p>2. Is the title of the article suitable? (If not please suggest an alternative title)</p> <p>3. Is the abstract of the article comprehensive?</p> <p>4. Are subsections and structure of the manuscript appropriate?</p> <p>5. Do you think the manuscript is scientifically correct?</p> <p>6. Are the references sufficient and recent? If you have suggestion of additional references, please mention in the review form.</p> <p>(Apart from above mentioned 6 points, reviewers are free to provide additional suggestions/comments)</p>	<p>Chilli leaf curl disease is major concern in chilli cultivation and whitefly plays a vital in transmitting many plant viruses. The topic is scientifically important.</p> <p>Changes made in the manuscript</p> <p>Yes</p> <p>Author has to make corrections which was mentioned in the manuscript</p> <p>Whatever information given is correct. But, it is like class notes. Concept is generally described without quoting any examples. Each and every subsection has to be updated with more information and more examples.</p> <p>So much of research article are there regarding whitefly management, resurgence and behavioural change for eg. Behavioral manipulation for managing <i>Bemisia tabaci</i> as a virus vector by Luko Hilje. Please include all those materials.</p>	
<p>Minor REVISION comments</p> <p>1. Is language/English quality of the article suitable for scholarly communications?</p>	<p>Ok. but, the manuscript does not read very easily</p>	
<p>Optional/General comments</p>	<p>Many information are lacking in the sub section in this review. Please revise and update with all the information. Hence, I would suggest the manuscript to be 'Rejected' as currently presented, but it could be resubmitted after careful revision.</p>
